Additional COVID-19 Vaccination Clinic Scheduled at East Hampton Town Hall for Monday, December 6 and Wednesday, December 8

Clinics will offer first, second, or third doses and booster shots of the Pfizer, Moderna, and Johnson & Johnson vaccines for eligible adults (no pediatric doses)

After organizing and holding primary COVID-19 vaccination clinics last spring, which enabled thousands of local residents to easily obtain vaccine protection against the virus, East Hampton Town has been working with a health care provider to once again offer local vaccination clinics.

More than 170 people received vaccinations, including booster shots, at an initial clinic last month.

With all fully vaccinated adults age 18 and up now eligible for booster shots, five December clinics have so far been scheduled. Appointments are filled for the Dec. 13, 16, and 20 clinics, but spaces may still be available for the Dec. 6 and 8 clinics next week, from 9 a.m. to 4 p.m.

To book an appointment: <https://COVID19VaccinesTOEH.as.me/>

For questions on eligibility: <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/recommendations/specific-groups.html>

There is no cost for the vaccine. Please take your identification as well as your insurance card and proof of vaccination, if applicable, to your appointment.
